

Land Rover LR013774 – RH Mirror Glass | Discovery 4 / Freelander 2 / Range Rover Sport

Vehicle Compatibility (Verified Fitment)

This part is suitable for the following Land Rover vehicles:

- Land Rover Discovery 4 (LR4) – 2010–2016
- Land Rover Freelander 2 (LR2) – 2006–2014
- Land Rover Range Rover Sport (L320) – 2010–2013

Installation Instructions

(General guide – procedure may vary slightly by model)

1. **Adjust the mirror housing**
 - Tilt the existing mirror glass fully inward to expose the outer edge.
2. **Remove old mirror glass**
 - Carefully pry the glass away from the backing plate using a trim tool or your hands.
 - Apply steady, even pressure—do not force to avoid breaking clips.
3. **Disconnect heating wires (if fitted)**
 - Gently unplug the spade connectors from the rear of the mirror glass.
4. **Prepare the new mirror glass**
 - Attach the heating connectors to the new glass (if applicable).
5. **Install new glass**
 - Align the mounting clips with the motor plate.
 - Firmly press the glass until it clicks into place.
6. **Test operation**
 - Adjust the mirror using controls and check heating function (if equipped).

Important:

- Wear gloves to prevent injury from broken glass
- Do not apply uneven force—this may damage the mirror motor
- Professional installation recommended if unsure
- Verify compatibility before purchase
- Some variants differ by market (EU/ROW vs NAS specs)
- Verify fitment using VIN before ordering
